Los Angeles, CA 90012

Dear Supervisors:

**ORDINANCE AMENDING SECTION 105.8 OF TITLE 32 OF THE
LOS ANGELES COUNTY CODE, RELATING TO FEES FOR MOTION PICTURE AND
TELEVISION INDUSTRY PRODUCTION PERMITS,
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

**IT IS RECOMMENDED THAT YOUR HONORABLE BOARD AFTER THE PUBLIC
HEARING:**

1. Approve new fees for motion picture and television industry production permits, as described in the proposed ordinance, to be charged by the County in connection with the review and processing of permits for such film production projects.
2. Find that the attached ordinance is being adopted for the purpose of meeting operational expenses, and is therefore, exempt under the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 21080(b)(8) of the Public Resources Code and Section 15273 of Title 14, of the California Code of Regulations (State CEQA Guidelines).

3. Introduce, waive reading and adopt the attached ordinance, establishing the new fees to be effective 30 days from adoption.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the attached ordinance is to establish new fees to be charged by the Consolidated Fire Protection District (Fire Department) to reflect the current costs incurred by the Fire Department in reviewing and processing of permits related to motion picture and television industry productions, including filming and special effects projects. It is necessary to impose these fees to recover the cost of providing these services and to staff the Fire Department's Public Safety and Film Unit of the Fire Prevention Division.

The Auditor-Controller has reviewed and approved the methodology and calculations used to determine the amount of these new and revised fees and has determined that the proposed fees are reasonable for cost recovery.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility as the new fees will provide sufficient funds for full recovery of all costs incurred by the Fire Department in connection with the review, evaluation and processing of motion picture and television industry production permits, including special effects.

FISCAL IMPACT/ FINANCING

These fees will offset the cost of providing these services by the Fire Department's Public Safety and Film Unit.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The ordinance amending Title 32 (Fire Code) of the Los Angeles County Code has been approved as to form by County Counsel, and an analysis is enclosed.

Section 105.8 of the Fire Code will be amended to provide that a permit shall be obtained from the Fire Prevention Division and a permit fee charged prior to engaging in the film production projects described herein.

Pursuant to Section 66014 of the Government Code, the above fees cannot exceed the estimated cost of providing the service for which the fee is charged. The Auditor-Controller has reviewed and approved these fees and has found that the proposed fees approximate cost recovery for the services involved.

Pursuant to Section 66016 of the Government Code, any action adopting a fee or charge or increasing a fee or charge which applies to the filing, accepting, reviewing, approving, or issuing of a use permit, or entitlement to use shall be enacted in accordance with the notice and public hearing procedure specified in Section 66016.

To comply with the requirements of Sections 66016, 66018, and 6062a of the Government Code, the fee increases may be approved after a public hearing at which oral or written presentations can be made. These code sections also require that the notice of the public hearing, including a general explanation of the matter to be considered, and a statement that data indicating the amount of the cost, or estimated cost, required to provide the service for which the fee is levied is available to the public and shall be mailed to all interested parties who file a written request for such at least 14 days prior to the public hearing. As of the filing date of this item, no valid written request was on file either with the Fire Department or in the Executive Office of the Board of Supervisors.

Section 66016 also requires that at least ten days prior to the public hearing, the local agency shall make available to the public data indicating the amount of cost, or estimated cost, required to provide the service for which the fee is levied. This data will be made available to the public at the County of Los Angeles Fire Department, Financial Management Division, 5801 South Eastern Avenue, Suite 130, Commerce, California 90040.

CONTRACTING PROCESS

Not applicable.

IMPACT ON CURRENT SERVICES OR PROJECTS

No adverse impact on current services.

ENVIRONMENTAL DOCUMENTATION

Adoption of this ordinance which amends the Fire Code is exempt under the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 21080(b)(8) of the Public Resources Code and Section 15273 of Title 14, California Code of Regulations (State CEQA Guidelines).

CONCLUSION

Upon approval of the enclosed ordinance, the Executive Office of the Board of Supervisors is requested to return a confirmed copy of the approved Board letter to this Department.

Respectfully submitted,
